

United States Senate

WASHINGTON, DC 20510

COMMITTEES:
BUDGET
ENERGY AND NATURAL RESOURCES
ENVIRONMENT AND PUBLIC WORKS
JUDICIARY
RULES AND ADMINISTRATION

May 9, 2024

The Honorable Patty Murray
Chair
Senate Committee on Appropriations
United States Senate
Washington, DC 20510

Dear Chair Murray,

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2025 Subcommittee on Commerce, Justice, Science, and Related Agencies Appropriations Bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate. None of the entities for which I have requested congressionally directed spending are for-profit entities.

Sincerely,

Alex Padilla

**Padilla, Alex(D-CA) Commerce, Justice and Science
Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
City of Alameda	This funding would establish a Crime Victims Initiative to provide assistance to victims and their families.	City of Alameda CA	\$900
City of Carson	This funding will allow the City of Carson to expand their license plate reader program to achieve greater coverage.	City of Carson CA	\$276
City of East Palo Alto	This funding will purchase electric police vehicles to replace current vehicles that are reaching the end of their useful life.	City of East Palo Alto CA	\$1,200
City of Fresno	This funding will upgrade the City of Fresno's communications systems for police and fire departments, as well as regional emergency and mutual aid services.	City of Fresno CA	\$1,700
City of Hermosa Beach	This funding will be used to create a center that will use state of the art technology to provide real time information to officers and detectives working in the field.	City of Hermosa Beach CA	\$3,000
City of Kingsburg	This funding will purchase body-worn cameras and in-vehicle police dash cameras to increase transparency in community policing, accountability, and overall public safety.	City of Kingsburg CA	\$600
City of Lompoc	This funding will allow the City of Lompoc to enhance emergency response and critical communications capabilities by constructing a second repeater site for the city's radio system and acquiring a mobile command center for the city's dispatch and emergency response team.	City of Lompoc CA	\$3,000
City of Los Alamitos	This funding will provide for a mobile RV to serve as both an Emergency Operations Center for Los Alamitos PD and a mobile recreation vehicle.	City of Los Alamitos CA	\$175
Marine Mammal Care Center Los Angeles	This funding will support public safety, public health, and animal welfare work in Los Angeles County.	City of Los Angeles CA	\$1,000
Cedars-Sinai Medical Center	This funding will allow Cedars-Sinai Medical Center to purchase a Three-Photon Microscope.	City of Los Angeles CA	\$1,500
City of Los Angeles	This funding will help the CIRCLE unarmed response program expand to more neighborhoods in Los Angeles.	City of Los Angeles CA	\$5,000
City of Los Angeles	This funding will help build out direct reentry service programming that prevents post-conviction poverty and recidivism, with a particular focus on support for housing.	City of Los Angeles CA	\$2,500
City of Manteca	This funding would purchase equipment necessary for the deployment of a Real Time Information Center to increase response efficiency.	City of Manteca CA	\$585
City of Monterey Park	This funding would provide an Emergency Services Vehicle to respond to critical incidents, mass casualty incidents, and high risk call-outs to respond quickly, safely, and to render aid.	City of Monterey Park CA	\$335
Chabot Space & Science Center	This funding will create a multifaceted outreach initiative to foster STEM education and opportunities for K-8 youth.	City of Oakland CA	\$1,000
City of Oakland	This funding will support life coaching and violence interruption services for individuals who are most likely to be victims or perpetrators of gun violence.	City of Oakland CA	\$3,200
City of Oakland	This funding would support the installation of speed safety systems as part of a 5 year pilot to enhance pedestrian safety, reduce speed based traffic collisions, and save lives.	City of Oakland CA	\$1,700

City of Pasadena	This program seeks to address criminal recidivism by providing effective treatment plans to eligible participants that are specifically tailored to meet their individual needs for rehabilitation.	City of Pasadena CA	\$330
City of Perris	This funding will provide city-wide technology improvements to improve public safety.	City of Perris CA	\$1,500
City of Rancho Cordova	This funding will enhance public safety and security by supporting a Real-Time Information Center.	City of Rancho Cordova CA	\$1,000
City of Redondo Beach	This funding will support the expansion of the Redondo Beach Alternative Crisis Response Team.	City of Redondo Beach CA	\$1,300
California State University, San Bernardino (CSUSB)	This funding will support an AI retraining platform as part of the establishment of an Artificial Intelligence and Virtual Reality Research and Training Center.	City of Riverside CA	\$1,000
City of Sacramento	This funding will be used to provide assistance to individuals experiencing challenges with mental and behavioral health and homelessness.	City of Sacramento CA	\$3,520
City of San Diego	This funding will purchase an emergency response multi-rescue vessel to help support the City of San Diego's public safety efforts to mitigate increased shipboard fires occurring in San Diego and Mission Bays, as well as provide increased public safety coverage along the coastline.	City of San Diego CA	\$1,500
San Diego Association of Governments (SANDAG)	This funding will assist with the design for the Buena Vista Lagoon Enhancement Project, which will enhance the biological and hydrological functions and recreational values of lagoon.	City of San Diego CA	\$1,000
City of San Diego	This funding will purchase a maritime public safety vessel for emergency response and law enforcement patrols in San Diego Bay.	City of San Diego CA	\$750
The Exploratorium	This project will enable youth from San Francisco to engage with issues in STEM-related fields including sea-level rise, artificial intelligence and machine learning, and celestial occurrences such as solar eclipses and science missions.	City of San Francisco CA	\$1,000
San José State University Research Foundation	This funding will promote criminal justice through the San José State University Record Clearance Project (RCP).	City of San Jose CA	\$500
San José State University	This funding will establish a center for Cryogenic and Quantum Technology Research and Education to transform our current research and education capabilities in the area of low-temperature semiconductors and quantum computing to revolutionize artificial intelligence and machine learning.	City of San Jose CA	\$1,900
San José State University	This funding will enable rapid prototyping of microscale devices, using many fabrication technologies, while simultaneously recruiting, training, upskilling, and inspiring a diverse workforce.	City of San Jose CA	\$3,000
City of San Leandro	This funding will be used to deploy an alternative response team to nonviolent 911 calls to address constituents' needs related to behavioral health, substance use, and other concerns.	City of San Leandro CA	\$1,500
Cal Poly Partners	This funding will support a training and research center at Paso Robles Spaceport to bolster aerospace workforce development by integrating education programs, research facilities, and partnerships with the commercial space industry.	City of San Luis Obispo CA	\$1,000
City of San Pablo	This funding would replace and enhance the city's public safety camera infrastructure so the city can continue to support the safety of San Pablo residents.	City of San Pablo CA	\$3,000
City of San Pablo	This funding would support a new Police Department Headquarters with a component of a Regional Training Center.	City of San Pablo CA	\$2,000

Discovery Science Foundation	This funding will support a series of hands-on coding programs designed to educate students about upcoming NASA missions while teaching them how to code.	City of Santa Ana CA	\$2,000
UC Santa Barbara	This funding will support the BEACH Research Commons, a state-of-the-art research facility designed to revolutionize our understanding and management of marine ecosystems as well as a training opportunity for the next generation of students entering marine-related careers.	City of Santa Barbara CA	\$2,000
City of Santa Clara	This funding will provide resources to expand mental health/crisis coverage in Santa Clara.	City of Santa Clara CA	\$1,935
University of California, Santa Cruz	This project will increase the resilience of water supply, fisheries, and biodiversity by engaging with local stakeholder groups to help plan, implement, and monitor watershed restoration projects as well as train the next generation of climate leaders.	City of Santa Cruz CA	\$390
City of Santa Monica	This funding will support replacement of 10 outdated dispatcher consoles in the 911 Dispatch & Communications Center in the City of Santa Monica.	City of Santa Monica CA	\$741
City of Santee	This funding would provide license plate recognition systems at locations throughout the City of Santee.	City of Santee CA	\$700
The Marine Mammal Center	This funding will support the development of a sharable platform for a stranded marine mammal medical and research data records system.	City of Sausalito CA	\$925
City of South Gate	This funding will replace the aging computer aided dispatch and records management system.	City of South Gate CA	\$1,300
City of Torrance	This funding will be used to pay for essential training that supports the Torrance Police Department's collaborative reform efforts with the California Department of Justice.	City of Torrance CA	\$1,000
City of Torrance	This funding will be used to sustain the City of Torrance's investment in body-worn and in-car cameras for the Police Department.	City of Torrance CA	\$2,400
City of Tustin	This funding will support the implementation and installation of security technology at City facilities.	City of Tustin CA	\$2,000
City of Union City	This funding will support technology installation to assist crime prevention in the City of Union City.	City of Union City CA	\$280
City of Upland Police Department	This funding will replace the Upland Police Department's current CAD/RMS system.	City of Upland CA	\$1,200
City of Upland Police Department	The Automated License Plate Readers integration project will integrate and enhance the ability to scan and identify license plates.	City of Upland CA	\$790
City of Upland Police Department	This funding will replace the Upland Police Department's outdated handheld radios with upgraded models.	City of Upland Police Department CA	\$1,555
The City of Vallejo Police Department	This funding would provide mobilized emergency response and interoperable communications to ensure the safety of Vallejo residents in a crisis or public event.	City of Vallejo CA	\$1,400
City of Watsonville	This funding will support the fabrication and installation of climate change bilingual educational exhibits for a newly constructed nature center in the City of Watsonville.	City of Watsonville CA	\$389
City of Westminster	This funding will support the installation of emergency vehicle preemption devices at traffic signals throughout the city, which will make it safer for fire and police personnel to get through intersections in an emergency.	City of Westminster CA	\$1,200

City of Woodland	This funding would replace an outdated communications and radio system currently utilized by the City's Police and Fire departments. The City's population has grown significantly since the current system was put in place, and the City is in need of an update.	City of Woodland CA	\$2,000
Reclamation District 108	This funding will support phase two of the Battle Creek Salmon Recovery Program's Rancho Breisgau Restoration.	Counties of Shasta and Tehama CA	\$4,500
Livermore Valley Joint Unified School District	This funding will be used to support training, mentorship, professional development, and recruitment strategies to improve instruction and student success in STEM.	County of Alameda CA	\$325
County of Contra Costa	This funding will support victims of labor trafficking.	County of Contra Costa CA	\$375
Los Angeles County Sheriff's Department	This funding will support the replacement of an aging H332L Airbus search and rescue helicopter.	County of Los Angeles CA	\$3,000
Interagency Communications Interoperability System Authority	This funding will be used to complete regional public safety radio system migration for regional interoperability, capacity, and integration.	County of Los Angeles CA	\$4,000
Los Angeles County Sheriff's Department	This funding would allow procurement of a mobile response vehicle staffed with Department psychologists and peer support personnel, which would be deployed to expand crisis responses, and Department wellness outreach.	County of Los Angeles CA	\$450
County of Placer	This funding will be used to purchase and install radio consoles and upgrade various hardware components at ten dispatch stations.	County of Placer CA	\$1,500
County of San Luis Obispo	This funding will replace the jail security electronics system at San Luis Obispo County Jail.	County of San Luis Obispo CA	\$5,241
City and County Association of Governments of San Mateo County	This funding will implement a countywide integrated water infrastructure and resource management strategy designed to address the overlapping climate risks to community infrastructure from several interrelated hazards, especially flooding, sea level rise, heat, and drought.	County of San Mateo CA	\$2,000
County of Solano	This funding will support the purchase and implementation of a unified, modern communications system that links Solano County emergency response agencies.	County of Solano CA	\$3,000
City of Los Angeles	This funding will expand the City of Los Angeles' Gang Reduction and Youth Development (GRYD) Program.	Los Angeles CA	\$2,000
Center for Employment Opportunities	This funding would support tuition and stipends for impacted individuals who want to pursue advanced training pathways.	Sacramento CA	\$400
The California Department of Justice	This funding will allow the the California Department of Justice to improve their ability to inspect state-licensed firearm dealers for compliance with state regulations.	Sacramento CA	\$200
Solano County Public Defender's Office	This funding will support equitable access to pretrial and and advocacy services to individuals in Solano County.	Solano County CA	\$358
